MAIN FEATURES OF THE HCSH1400B /1700B-SVD

- *HIGH SPEED of 300 meters per minute*
- *Features hydraulic lift axle-free shaftless core plug for variable width core*
- *Featuring advanced technique & technology with Double Sheet Cutting*
- *Double shaftless axle-free unwinding stations for faster precision turnover*
- *Precision servo stepless motor for fixed length control, includes slitting station for sheeted finishing*
- *Auto unwinding feeder with tension control, digital control settings, auto counter and photo-electric tracking*
- *Transmission system utilizes pneumatic and hydraulic system with photo-electric sensor for centralized control*
- *Auto piling station with photo sensor*
- *Also featuring automatic speed adjustment, emergency stop alarm.*

TECHNICAL SPECIFICATIONS

MODEL	HCSH1400B-SVD	HCSH1700B-SVD
Maximum Roll Diam	1800mm (71")	
Max Paper Width:	1400mm	1700mm
Cutting Length:	450mm - 1450mm	
Paper Piling Height	1300mm	
Precision:	<1000mm - ±0.5mm / >1000mm - ±0.1mm	
Cutting Speed:	300m/min	
Power Voltage:	AC380V/220V x 50Hz	
Power Consumption:	22Kw	
Machine Weight:	15,000Kg	
Compress Air	Max 5.5kg/cm ² x 5m ³ /min
